Hill CDC 30th Birthday Toast
Monday, May 22, 2017 from 5:30 – 7:30 PM
Energy Innovation Center, 1435 Bedford Avenue Pittsburgh, Pa 15219

“Honoring our legacy, while celebrating our future!”
—Marimba Milliones, President & CEO, Hill CDC

Pittsburgh — May 22, 2017 To celebrate the Hill District community, the Hill CDC will host a **30th Birthday Toast**. This casual evening event will be held at the Energy Innovation Center in the Hill District, and will be open to residents and community stakeholders. The event will honor the legacy of the Hill CDC, and celebrate the future of the organization and neighborhood.

For thirty years the Hill CDC has been a thoughtful leader and advocate for businesses, residents, developers, and constituents of the Hill District community. Their promotion of the community’s interests has yielded innovative programming to support residents, homeownership, small business development and incubation, and commercial development aligned with the Greater Hill District Master Plan. On this 30th anniversary, development and investment are progressing in the Hill District, and the Hill CDC is excited about the bright future ahead. Updates and information about what is happening in the Hill District will be shared.

Marimba Milliones, President and CEO, and **Alexis Clipper**, Board President will provide remarks along with elected representatives.

Light hors d'oeuvres, champagne, and cake will be served while attendees mix, mingle, and enjoy a playlist curated by Hill District resident **Eugene Williams**. The organization is asking for residents and friends to bring historic artifacts and photos to share. In addition, there will be special giveaways throughout the night.

For more information about the Hill CDC, or to register for the 30th Birthday Toast, go to www.hilldistrict.org/register or call 412.765.1820. Registration is free and open to all.
